My name is AnnaMaria Katsafarou and I am 16 years old. I am a citizen of Ilion and a student of 4th high school in a distance of 100 meters away from my home. Every day I attend a 7-hour school schedule. After I take extra classes, at least 2 hours per day in lesson like ancient Greek, Latin etc. I also attend English classes for my proficiency degree. In my limited spare time I enjoy hanging out with my friends and resting from my routine. Furthermore, to stay fit I go to the gym. I live with my mother and my little sister and we have a dog named Loulou.
