Hello,

My name is Dora D'Arienzo and I'm 16 years old.

I'm an Italian girl, I come from Portici, a little town near Naples. I have lived here since I was born with my lovely family.

My mother's name is Claudia and she's a computer teacher. My dad is called Vincenzo but all of his friends call him Enzo. He's an engineer and works lots of hours a day in Naples and sometimes in Rome. I've got two twin sisters younger than me, their names are Anna and Valentina. They are students like me. I would like to have a pet but unluckily I can't because my mother is allergic.

My favourite hobby is playing volleyball, I love it too much. In fact I spend lots of my free time playing volley. I usually practice it four times a week. With my team I take part in a volleyball championship. I enjoy it a lot.

I'm not the kind of person that enjoys being at home laying down on a sofa without doing anything. That's why I like going out for a walk with my friends when I'm not training. My friends are really nice, they are my second family.

I love eating our Italian food, it's really excellent! I like arts and music, I would like to play some instruments but I have never studied anyone yet. I love travelling around the world, with my family I visited many places.
