

My name is Samuel, I am sixteen years old and I study First Bachiller.

I live in Seville with my family. I have got twins sisters. I have got a dog and a rabbit. I love animals.

Also I love sports so I practice arts martials, basketball, football, tennis... and I like playing the piano and the guitar. I usually listen to music. I love it!

I like reading so much, travelling, going out with my friends, laughing, going to the cinema... and I like enjoying with my family including my grandparents. I love them.

I hope to visit Greece in January and I am sure it will be a wonderful experience.

I am very grateful for this oportunity. I have a great illusion.

See you soon.
