

HELLO EVERYBODY!

My name is Lea Gadner and I am 16 years old. I am currently attending the 7th grade in the grammar school in St. Paul. My parents, my sister and me are living in Ruden, which is a small town in Carinthia, for about three years now. Before I lived in Stryria.

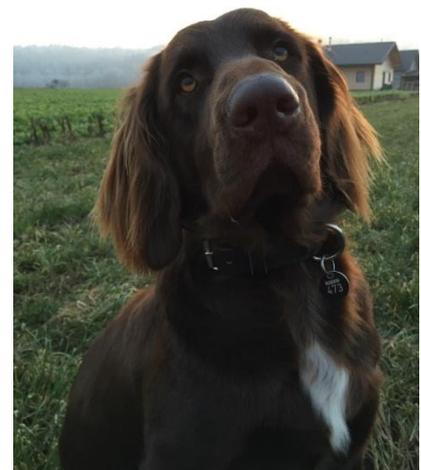

My father, who is called Peter, works in Munich as a sales manager and my mother, Helga, is a nurse and works in the hospital in Klagenfurt. My sister is called Lara. She is 14 years old and attends the 5th grade in the same school as I do.

1 My sister and me

In my free time I like to do some sports. I do sometimes a workout with my sister or in summer I often go running. I also like to go for a walk with my dog or to play with it. My dog is nearly three years old and it is called Juno, but it is not a boy, as most people think, it is a girl named after the Roman goddess Juno.

I am often with her in the forests because my father's hobby is hunting and she is a hunting dog.

2 My dog

I really like to listen to music and recently I have started playing the piano. Other hobbies of mine are baking, whereby not everything I bake succeeds, and reading, but I do not have enough time to follow this hobby because of things I have to do for school. So it is more an activity which I like to do in summer while I am lying at the pool.

What I would like to do more often is travelling, because I like seeing new places and different cultures. My enthusiasm for travelling started with a journey to Rome, where I was in 2015. It was awesome. This year I went to England with the class and it was also a great experience. Therefore I think travelling will be a major hobby when I am older.

My favourite food: I do not really have some meals I prefer. I like Italian, Mexican, Asian, American, ... and of course also Austrian food. Certainly, there are some ingredients I may not like but nevertheless I think I have become quite open regarding food over the last years, although I was really really picky.
