Me and my best friend Janine

Hello everybody,

My name is Christopher Schober and as you can read above, I am 16 years old. I live in a small village in the suburb of Wolfsberg in Carinthia. My parents and I live in a house in the countryside. My neighbors are my grandparents and our houses are connected which is very good because they always look after the cat and the garden.

My passion is playing football. From spring to autumn I can play at home because I have a little football pitch at home. You have a glimpse of the pitch above. I used to play football in a club but a knee injury has stopped me. Now I am training hard because I want to return onto the pitch.

Another thing that I like is taking pictures like this of Spain. At taking pictures I am not a professional so I just take pictures with my mobile phone. I also want to add that Spain is my favourite country all over the world so I like especially taking pictures of cities or countrysides in Spain.
